

# SoftShape Summer 2010

SoftShapers are encouraged to enjoy extra walking, running, biking, or aerobics/toning classes 3-5 x week in addition to their 2 SoftShape sessions.

**Keep a food diary for even faster weight loss if that is part of your goals. Ask us for one!**

Note your SoftShape sessions below.

**On the reverse print the aerobics/toning class schedule and note those you wish to try.**

Make extra copies of this schedule and every week check off the sessions/classes you attended. Don't be obsessed with weight, (remember you are going to be improving your lean muscle mass at the same time you are losing fat) but consider tracking your weight on a daily basis so that you can get used to minor fluctuations that are merely fluid changes in your body.

**E-mail us with any questions.**
